PROFESSIONAL EXPERIENCE

FieldBG

Cybersecurity Specialist

Istanbul, Türkiye

08/2025 – Present

- Managed DLP policies, endpoint security, and Web Gateway configurations.
- Performed root cause analysis on security incidents and logs.

Invio

Android Developer Intern

Istanbul, Türkiye

07/2024 – 09/2024

- Developed an Android background service in Kotlin for real-time health data sync (TÜBİTAK-supported project).
- Applied MVVM and Clean Architecture with Dagger Hilt, Room, and Coroutines.
- Worked in an Agile team with code reviews and sprint cycles.

FSD Yazılım

Web Developer Intern

Istanbul, Türkiye

09/2019 – 12/2019

- Developed web applications using C# and the .NET framework (ASP.NET).
- Contributed to both front-end and back-end across the full development lifecycle.

PROJECTS

ASWFR Service (Access System with Face Recognition) — Python, FastAPI, Raspberry Pi, Cloud Storage, Computer Vision

- Designed and developed a backend service enabling secure access control via face recognition, exposing REST endpoints for client integration.
- Built a Raspberry Pi-based edge device that captures real-time images, processes them locally, and uploads snapshots to a cloud storage service.
- Engineered the end-to-end pipeline from camera capture to cloud sync, focusing on response latency, recognition accuracy, and reliable data transfer.
- Implemented with FastAPI for asynchronous request handling and structured around clean, modular components for maintainability.

TECHNICAL SKILLS

Programming Languages: Kotlin, Java, C#, Python

Backend: .NET Framework, ASP.NET, Entity Framework basics, Python (FastAPI, Flask), Ktor, REST APIs

Android: Android SDK, Jetpack Compose, MVVM, Clean Architecture, Coroutines, Flow, Retrofit, Dagger Hilt, Room, WorkManager, Firebase

Databases: MS SQL Server, PostgreSQL, MongoDB, Firebase Firestore, SQLite

Web Scraping / Automation: BeautifulSoup, Requests, Selenium basics

Tools & DevOps: Git, GitHub, Docker, Postman, Visual Studio, Android Studio, IntelliJ IDEA, JIRA

IoT / Edge: Raspberry Pi, Cloud Storage Integration

Methodologies: Agile, Scrum, Code Review, Unit Testing, OOP, SOLID Principles

Soft Skills: Problem solving, debugging, cross-functional collaboration, communication, time management, adaptability, attention to detail

EDUCATION

Istanbul Commerce University

B.Sc. in Computer Engineering

2020 – 2024

Istanbul, Türkiye

Beykoz University

Associate Degree in Computer Programming

2018 – 2020

Istanbul, Türkiye
